

Multiboard® Offset  
For general packaging solutions

 SUSTAINABLE STRENGTH

# Multiboard® Offset

## For general packaging solutions

Multiboard® Offset is a versatile board that strengthens your brand. It arouses interest and creates expectations of the content. At the same time, Multiboard® Offset is a functional packaging solution with good printability and high performance on both print and packaging lines. The fact that Multiboard® Offset is manufactured from 100 % recycled fibre provides clear environmental benefits, in line with today's demands for a sustainable society.

- **Strong Nordic fibres** make Multiboard® Offset one of the market's strongest board qualities based on recovered fibre. This means that it can often be selected with the same or lower grammage than other board qualities while still achieving the desired stackability.
- **Smooth runability through packaging machinery.** Multiboard® Offset withstands powerful, repeated folding without splitting or wearing. The layer composition is delaminated in a well-defined line. This gives Multiboard® Offset high performance on both printing and packaging lines.
- **Excellent stackability.** Multiboard® Offset's multi-layer design and its fibre composition provide excellent stackability.
- **100 % recycled fibre.** The fact Multiboard® Offset is manufactured from 100 % recycled fibre provides clear environmental benefits.

STRENGTH 85 %

RUNABILITY 100 %

VERSATILITY 90 %
